

TriForm® Linear Former

AKW[®]
PLATINUM

bright thinking,
beautiful space

Creating beautiful bathrooms

Wetrooms are now the bathroom style of choice. Popular due to their open-plan design and contemporary aesthetics, wetrooms create a truly aspirational living space.

It is now possible to achieve everyday luxury in the bathroom with the help of TriForm®, a linear former that sets new standards of excellence for style, accessibility and performance.

The foundation of a beautiful wetroom, TriForm® can drain even the most powerful showers quickly and efficiently, as well as accommodate a wide range of tiles or slip-resistant flooring, dramatically increasing the design options for your shower room.

Easy to fit, TriForm® offers enhanced strength through its material composition, guaranteeing longevity and a maintenance-free installation.

With unparalleled expertise that has seen 300,000 wetroom installations, AKW® Platinum has a proven track record of developing innovative products you can trust. We're here to help turn your creative ideas into a beautiful reality.
