

PRINIA

Above ground 110mm high shower tray for solid or unbreachable floors.

- Step in shower tray just **110mm** high.
- 90mm diameter gravity waste with 50mm water seal, and a waste flow rate of up to 35 litres per minute.
- Suitable for wooden, solid or unbreachable floor situations.
- Self supporting, does not require bedding down onto a sand and cement mix.
- Waste pipework can be taken out beneath the tray in several positions.
- 1800x700mm & 1800x800mm shower trays can be cut down to 1500mm to fit exactly into the space left by a bathtub.
- 55mm high step available as an optional accessory on request for assisted entry, *see opposite*.
- Lifetime guarantee.
- Reinforced GRP construction.
- Anti-slip surface for an assured underfoot grip.
- Exclusively incorporates **Biomaster** Antibacterial Technology antibacterial product protection.

Scan to view Prinia details on your phone or tablet.

Waste has a removable dip tube for easy cleaning.

Easy step in access, just **110mm** high.

Optional 55mm high step available
Dimensions: 740W x 440D x 55H.

The trays design allows for various options of how the waste can exit beneath the tray.

To view door option images see pages 42 - 47 or use the inside front cover fold-out page.
